

## LIZ MAGEE

Liz sees painting and drawing as holding the moment in this beautiful part of the world, or when travelling, or recording times with family and friends. She has learned all she knows from evening classes and workshops and from being part of Poole & East Dorset Art Society for at least 30 years where she has met many talented people who have shared their enthusiasm and knowledge. Her interest in making paper birds started with a workshop with the innovative artist Peter Rush'.

Liz was a key member of PEDAS committee for many years, and currently serves on the Gallery Upstairs committee. [www.instagram.com/lizziemagee](http://www.instagram.com/lizziemagee)
