

STEPH JONES

I am a UK based artist and I live in Poole in Dorset with my husband and son and our four cats, Izzy, Lily, Nelson and Benji. I have always loved art and when I was made redundant from my job I decided to turn my drawing into a career, so here I am!

I specialise in graphite because it enables me to capture great detail by building up layers and producing a timeless portrait. Email me for commissions at enquiries@stephjonesart.co.uk

All images hand drawn in graphite. Check out my website
