

22 November - Tom Marshall - More than Just Pencil

Tom will show us even more different drawing techniques- Including: Drawing in Light on Dark, Monoprinting with Dry Media, and Drawing with Wire.

What to bring:

Drawings or other images of birds, dogs, people, etc, that you might like to use to work from. I will bring materials, but if anyone has white (or silver, etc) watercolour paint, gouache, ink, pencils, pens, pastels, etc, please bring them along- but avoid those smelly metallic pens. And if anyone has black or other dark paper- dark grey/ blue/ brown, etc, of their own that they would like to use, please feel free to bring that, though I will bring some.

Please could everyone bring a good watercolour brush if they have one? If not, no need to worry, as I will bring a few along.

An ordinary graphite pencil.

We might use pastels/ charcoal and ordinary paper, too.

I will also bring some pictures to sell, if anyone is interested.

Tom
